

<i>First Name</i>	John	<i>Date Submitted</i>	January 1, 2015
<i>Last Name</i>	Doe	<i>Report ID</i>	GLSM00001
<i>Email</i>	John.doe@university.edu	<div style="border: 1px solid black; padding: 5px;"> <p><i>GenLogica has reviewed the product's information, including specifications and data validation. The following information is the opinion of GenLogica only, and not stated fact. Please contact the supplier above for detailed information.</i></p> </div>	
<i>Antibody Supplier</i>	Antibody123		
<i>Catalog Number</i>	abc987		

The antibody supplier listed above appears to be the original manufacturer of this product.

Analysis of the product information and validation did not yield specific insight into whether this product may be same offered by other companies.

TIP: Be sure to ask the supplier if they are the original manufacturer, or if the product is sourced from a 3rd party, which may be another antibody supplier, academic research group, or biotech/pharma entity.

Need to find more antibodies? Here are some tips to help you.

About Supplier Match

GenLogica's expert insight will save you time and money by providing optimized information for the immunoassay products you use for your research

Antibody Search Tips

1. Seek validation through citations
2. Discern manufacturer from reseller
3. Ask for samples to test quality & optimize your system
